

Kiss Me

K. Northrop, E. Lumiere, K. Berglund, A. Reyes
For Eurovision 2018, Switzerland

Verse 1

Your lips are sin
I'm in trouble, you know it
My eyes take you in
You play me like you know me

Pre-Chorus

Bodies sweating shoulders bare
You wear that dress so tight
Fingers running through your hair
And I'm losing my mind

Chorus

So come on, won't you kiss me, yeah
Finish what you started
Finish what you started
If you gonna tease me, yeah
Imma keep you honest
Imma keep you honest

You keep pulling me close
It's like your body knows
Movin' fast and then slow
Imma lose control
So kiss me, yeah
Finish what you started, uh
Finish what you started

Verse 2

My hands on your hips
Your words on my lips, yeah
If you want more than this
I want you to show me

Pre-Chorus

Bodies sweating shoulders bare
You wear that dress so tight
Fingers running through your hair
And I'm losing my mind

Chorus

So come on, won't you kiss me, yeah
Finish what you started
Finish what you started
If you gonna tease me, yeah
Imma keep you honest
Imma keep you honest

You keep pulling me close
It's like your body knows
Movin' fast and then slow
Imma lose control
So kiss me, yeah
Finish what you started, uh
Finish what you started

Chorus

Now you wanna kiss me
Finish what you started
Finish what you started
If you gonna tease me, yeah
Imma keep you honest
Imma keep you honest

You keep pulling me close
It's like your body knows
Movin' fast, movin' slow
Imma lose control

So kiss me, yeah
Finish what you started
Finish what you started
