

The Way We Ride

Music by Jo Loew & Raul Geisler, Lyrics © Kate Northrop

Verse 1

Sun shines in the street
Reflecting off the faces and the smiles
So much to see
A world in moving color that we greet
Eyes open wide
We're gonna let the sunlight come inside

Refrain

'Cause that's the way we ride
That's the way we ride

Verse 2

Laugh, jump on the tram
We're looking for our freedom on the way
Makin' our plans
And waving at the cars in traffic jams
Nothing to hide
We're gonna make the journey come alive

Refrain

'Cause that's the way we ride
That's the way we ride

Bridge

High, far and wide we chase our dreams
to the skyline
'Cause that's the way we ride

Extended Refrain

Mm, that's the way we ride
Just the way we ride
That's the way we ride now
We let the sun inside
Just the way we ride
(Oo) We're gonna let it slide
(Oo) Just the way we ride---
Just the way we ride

That's the way we ride
That's the way we ride
That's the way we ride

That's the way we ride

Let the sun inside

That's the way we ride

That's the way
That's the way
(That's the way we ride)
